HORSEMANSHIP Project #2: Basic Horse Care

Objective: Demonstrate knowledge about basic horse care such as grooming and feeding. Presentation will also continue to improve student's public speaking skills.

Requirements: Using your textbook, other classroom books, or internet research, create a 7-10 minute powerpoint presentation about a fictional(non fictional) horse. Focus on what types of forages this horse needs and why. Give a detailed overview of how this horse shall be groomed each day. Describe where your horse lives and how this may be beneficial or not beneficial. All aspects of the horse must be realistic (ie no unicorns that eat Skittles and poop rainbows)

- Description of horse
- Feeding schedule of horse and why
 - Forages
 - Grains
- Living conditions of horse (shelter, watering system, turnout space?)
- Grooming
 - Grooming tools
 - What each grooming tools does
 - Why is each tool important

Helpful Textbook references(you are not limited to just these chapters):

Grooming tools: pg 333

Hay: pg 196

Supplements: pg 203

Due Date: Wednesday, October 2nd
